Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

I oppose this idea. These freight trains would be good for bringing supplies to Barrington but it would cause a lot of traffic. It would ~~also~~ make it harder for people who commute to come here. The only way I think that it could work is if the trains went underground or were elevated above ground.
